MySQL , MongoDB , ExpressJs , NodeJs

Other Tools/Technologies:

Git , Github , VS Code , Cloudinary

Relevant Coursework:

Data Structures and Algorithms , Operating System ,
OOPs , Computer Networks , DBMS , Artificial Intelligence

Soft Skills:

Leadership , Communication-skills , Optimistic , Problem-Solving

PROJECT

DR.PHARMEDIC-APPOINTMENT BOOKING APPLICATION | MERN STACK

([Github Link](#)) Nov 2025

- Built a full-stack MERN application for online doctor appointment booking with **JWT authentication**
- Implemented **real-time scheduling** and **Razorpay payment integration**
- Developed responsive UI using **React, Redux, Tailwind CSS** and backend with **Node.js, Express, MongoDB Atlas**
- Deployed on **Vercel** and **Render** with admin management for doctors and appointments

YOUTUBE BACKEND APP | ExpressJs , NodeJs , MongoDB , Cloudinary

([Github Link](#)) Aug 2025

- Built a YouTube-like backend with **JWT auth**, video management, likes, comments, subscriptions, and playlists
- Used **Node.js, Express, MongoDB, and Cloudinary** with clean REST APIs

GEMINI CLONE | Html , CSS , JavaScript , ReactJs

([Github Link](#)) June 2025

- Replicated core features of an AI assistant platform, focusing on **UI , prompt handling , and API-driven responses**.
- Gained hands-on experience in **AI integration, frontend architecture, and asynchronous data handling**.

ACHIEVEMENTS

CODECHEF ([Kakulagrawal](#)) - Ranked **2 stars** At Codechef

Achieved a Global Rank **166** in **Starters 165 Division 3**.

LEETCODE([Kakulagrawal](#)) - Achieved a **Top 15.05%** ranking on the Platform

Solved around **500+ problems** across so many coding platforms like [Codestudio](#) , [Leetcode](#) , [Codeforces](#) , [GeeksforGeeks](#).

POSITION OF RESPONSIBILITY

OPERATIONAL HEAD | *E-cell, IET Lucknow* ([Link](#))

Led and managed day-to-day operations of the entrepreneurship cell, coordinating 30 plus events, workshops, and startup initiatives.
